

NOTICE

THE ENTRANCE GATE TO THE FLYING FIELD MUST BE LOCKED WHEN MEMBERS ARE NOT ON SITE.

IT MAY BE UNLOCKED IN THE MORNING AND REMAIN OPEN DURING THE DAY WHEN MEMBERS ARE ON SITE.

THE LAST MEMBER OFF THE PROPERTY MUST LOCK THE GATE.

In addition a new gate and HOG wire fence has been installed around the runways to prevent damage from the HOGS This gate must be locked when the last pilot leaves,

The Gate Locks are now combination locks, the code for which will be periodically changed The Combination is only available to fully paid up members, If you dont have the combination please contact any one of the directors, The combination will be printed on current membership cards.

Do not share the combination with NON members.

THIS ACTION IS REQUIRED TO INCREASE THE SECURITY OF THE TAMPA BAY WATER PUMP STATION AND THE ODESSA WASTE WATER TREATMENT PLANT AS WELL AS THE FLYING CLUB PROPERTY.
